

New U. S.-Cuban Diplomatic Clash Forecast

Embassy Aide Shot by Cuban

HAVANA (UPI)—A new diplomatic clash appeared shaping up today between the United States and Cuba over the shooting of an unarmed American Embassy aide by a Cuban officer during a dispute in a Havana nightclub over a U.S. \$5 bill.

Wayne E. Henderson, 24, Pasadena, Calif., an embassy communications officer, was reported to be out of danger today following surgery at the police hospital for the wound suffered Saturday night. The hospital also reported that he was able to take liquids and that his overall condition was "very satisfactory."

HIS ASSAILANT was identified as Capt. Jorge Robreno Mariquez of the army's technical investigation department. Robreno was taken into custody by police and held for questioning at La Cabana prison.

Henderson was shot by a .45-caliber pistol held against his stomach. Hospital authorities said the slug went through his body, entering the stomach over the left hip and emerging from his back narrowing missing the spinal column.

AMERICAN AND Cuban authorities, while agreeing the argument was over money, gave conflicting versions of the incident.

Sources here expressed belief that in view of the bad blood between Cuba and the United States, the revolutionary Cuban regime may file formal charges against Henderson accusing him of attempting to pass a counterfeit U.S. banknote.

U.S. EMBASSY officials were reported prepared to reject the accusations, on the basis of a report on the shooting given by Henderson's companion, Marine Cpl. William E. Tompkins of Warren, Ohio, an embassy guard.

The embassy quoted Tompkins as saying he and Henderson had drinks at the "21" Club and Henderson offered a \$5 bill in payment. Two men seated nearby demanded the banknote from the bartender and then asked Henderson if it were false and if he had any more American currency on him, according to Tompkins' account.

TOMPKINS SAID an argument

followed and one of the men told the two Americans they were under arrest. At the doorway, he said, one of the Cubans jostled Henderson and the latter started to swing but was grabbed by Tompkins to avert an incident.

At this point, according to Tompkins, the other Cuban walked up and placed his pistol against Henderson's stomach and pulled the trigger, without saying a word. Henderson fell and the two Cubans fled.

THE CUBAN version was given by 2nd Lt. Jose Suarez who arrested Robreno and Lt. Alberto Blanco Romayra, his companion. Blanco, also a technical investigation department agent, was provisionally freed after questioning.

TWO AMERICANS KNIFED IN CONGO

LEOPOLDVILLE, The Congo, U. S. — Two Americans were reported recovering today from knife wounds by a mob of screaming natives who tried to lynch them on the spot where their automobile killed an African boy cyclist.

The two men, Chief Warrant Officer Clyde St. Lawrence of New Bedford, Mass., and Frank Carlucci of Wilkes-Barre, Pa., members of the U. S. Embassy staff, were stabbed and beaten by the enraged throng Sunday.

BOTH MEN WERE taken to Lovanium University Hospital — St. Lawrence with stab wounds of the chest and shoulder and Carlucci with a stab wound in the back.

A doctor who treated them said that if St. Lawrence's wounds had been "a bit lower he would probably have been killed."

The renewed anti-white violence

here and reports of troubles in three other provinces — Katanga, South Kasai and the Eastern Province — seriously worried U. N. authorities.

THEY FEARED that if the situation were allowed to go unchecked it might build up to an explosion of the proportion that plunged this country into chaos shortly after it won independence from Belgium July 1.

Albert Kalonji, self-styled president of South Kasai, was reported to have met with his European army officers in Brazzaville, capital of the adjacent Congo Republic, Saturday.

KALONJI HAS an army of 750 plus an estimated 5,000 Baluba irregulars. The Balubas in northern Katanga have been battling other tribes and the forces of Katanga President Moise Tshombe for weeks.

COUNT NOT COMPLETED

Kennedy Margin Near 1884 Mark

WASHINGTON U. S. — Votes cast for the two major candidates in this year's presidential election appeared today to have been more evenly divided than ever before.

As the unofficial tabulation of the Nov. 8 balloting neared completion, the percentage by which Sen. John F. Kennedy led Vice President Richard M. Nixon in popular votes stood today a fraction below the record low set in the 1884 election.

NOT UNTIL ALL the votes are officially tabulated next month will it be known whether Kennedy's percentage margin actually was the smallest in history.

With reports in from all but 120 of the nation's 166,264 precincts and only a small number of late-counted absentee ballots still to be tabulated, the United Press International's count today gave:

Nixon—33,829,014.
Others—448,388.

KENNEDY'S NUMERICAL margin over Nixon was 197,609. Although that was the smallest since 1888, it didn't come close to the record low margin of 29,214 votes in the 1884 election.

However, when computed as a percentage of the record-smashing 67,853,637 votes cast for the two major party candidates, the margin was:

Kennedy—30.146 per cent.
Nixon—49.854 per cent.

The difference between them was only 0.292 per cent.

The lowest percentage margin in history was 0.300 per cent. That was the margin by which Democrat Grover Cleveland topped Republican James G. Blaine in popular votes in the record-setting election of 1884 — the first in which as many as 10 million ballots were cast.

3 Burglaries Reported At Homes

Cash, Jewelry, Drapes Taken Over Weekend

Three burglaries and one unsuccessful attempted burglary were reported here over the weekend, Palm Springs police said today.

Miss Terry Elies, 1447 North Palm Canyon Drive, reported that five \$30 bills were taken from her purse, left in her bedroom Saturday evening. The burglar apparently reached through a partially opened window to unlock a door, police reported.

EDWARD THOMAS Dillon, 1623 San Lorenzo Road, reported \$35 worth of personal jewelry taken from his residence late Saturday evening or early Sunday.

George Ainge, Phoenix merchant with an unoccupied house at 2777 Farrell Drive here, reported \$300 worth of custom drapes had been taken from the place. Officers reported a prying instrument had apparently been used to open a door.

POLICE STAKE-OUT failed to reveal identity of a person who reportedly attempted to enter a hotel room early Saturday morning. The room occupant reported he was awakened when his door was opened. The prowler was stopped by a safety chain.

Officers theorized that since no pedestrian or vehicle traffic had been seen at the reported time of the incident, the unknown prowler — possibly one who committed the hotel in past weeks — may have been using a pass key within the hotel.

Claire Jones Services Held Here Saturday

Funeral services for Claire Augusta Jones, 66, 156 South Indian Avenue, were conducted Saturday afternoon at Wiefels and Son Chapel, with the Rev. Jack Morrow, pastor of Desert Chapel, officiating.

Cremation followed the service. A resident of Palm Springs for 15 years, Mrs. Jones died at 7 a.m. Friday.

Her husband, Evan R. Jones, who survives, has been building superintendent of many new churches. He built the Church of Open Door in Los Angeles in 1913, and this was later renamed the Bible Institute.

Other survivors include one daughter, Ruth Butler of Delano, a sister, Mabel Gilbert of San Diego, and three grandchildren.

LIBERALS SCORE BIG WIN IN JAPAN

TOKYO — U. S. — The Japanese electorate swept the ruling Liberal — Democratic party back into power with a bigger parliamentary majority today in a vote that endorsed the country's military ties with the United States.

Final unofficial returns gave Prime Minister Hatoyama Ikeda's conservatives 296 of the 467 seats in the lower house of parliament, a gain of 13. The major opposition Socialist Party won 145, a gain of 23, mostly at the expense of the splinter Democratic-Socialists who dropped from 40 to 17. The Communists increased their seats from 1 to 3 and the other six seats were scattered among minority candidates.

IN THE POPULAR vote the Liberal — Democrats got about 22 million ballots to 10 million for the Socialists.

Ikeda said he considered the

election, held Sunday, as a "mandate from the Japanese people (to continue) close ties with the free world based on the U. S. — Japan security treaty."

THE ELECTION also reflected the fact that Japan is riding a wave of prosperity, and the Ikeda government has charted an economic course which it said will double the nation's income within the next decade.

The Socialists claimed a "moral victory" on the basis of their gains and a party spokesman called on the Liberal — Democrats to "become aware of the spectacular gains of the neutralists in Japan."

AMONG THE Socialists elected was Mrs. Kyoko Asanuma, widow of Inejiro Asanuma, Socialist party chairman who was slain by a right-wing fanatic at a political rally last month. The teen — age stabber later committed suicide in jail.

ANGEL VIEW BENEFITS \$1,050 FROM AUCTION

CATHEDRAL CITY — Receipts in excess of \$1,050 for the Angel View Crippled Children's Hospital were reported today by the Cathedral City Rotary Club following their auction Saturday.

Auctioned were articles donated by businessmen and individuals. A good crowd was in attendance throughout the event, according to club President Ed Slaughter.

Two Injured In Accident Here Sunday

Two persons were injured in a two car collision at Via Solida and East Palm Canyon Drive at approximately 11 a.m., Sunday, police reported.

Officers said that a 1955 convertible driven by Ralph Huston Mayo, 22, 37-511 Melrose Drive, Palm Springs, attempted to turn into Via Solida to avoid a head-on crash when he was reportedly forced into the west lane of East Palm Canyon Drive by a third car.

Mayo's car was struck by a car driven by Leonard Silas McCall, 62, of Palo Alto. McCall and his wife, Mrs. Margaret Ann McCall, 39, were taken to Desert Hospital.

\$2 Million Deficit Predicted

UNITED NATIONS, N.Y. (UPI) — Secretary — general Dag Hammarskjold announced today the United Nations was rapidly going broke and he may have to "liquidate" the U.N. military operation in the Congo.

Hammarskjold, in a bombshell report to the General Assembly's Budget Committee, said he expected the world peace organization to end up with an unprecedented cash deficit of at least \$2 million by Dec. 31.

HE SAID THE only way "involvement" could be avoided and the critical peace operation continued in the Congo was through a radical step up of contributions by member governments.

Russia and its eight satellite partners previously had declared they would pay no part of the "dirty" U. N. operation in the Congo, despite persistent warnings the world parliament was headed for the gravest financial crisis in its 15-year history.

HAMMARSKJOLD, in a fighting defense of his own policies and the role of the United Nations in keeping world peace, said it was time "this organization faces the economic consequences of its own decisions."

Otherwise, he said, it "must take immediate steps for the liquidation of military operations in the Congo... It can not have it both ways."

The secretary — general pictured the abandonment of the Congo program because of budgetary considerations as an international tragedy which "future generations would never understand."

"If no steps are taken by the United Nations to fill the (political) vacuum in the Congo, it will be filled by other sources," he warned.

CUBA BASE FOR RED ACTIONS

SAN FRANCISCO (AP) — Cuba is the base for a massive attack on U. S. policy and the focal point for all Communist activity in Latin America, according to the inspector general of the Central Intelligence Agency.

Sheriff Takes Polygraph Class

Joe W. Rice, Sheriff, Riverside County, has successfully completed a Polygraph Examiner Course presented by Gormac, Consultants in Government in Pasadena, it was announced today.

Also attending the course were representatives of law enforcement agencies from state, county, and city levels of government as well as private investigative organizations.

Lyman B. Kirkpatrick Jr. said Friday that never since 1821, when Russian threats caused President James Monroe to declare the Monroe Doctrine, has there been such a serious threat to the "integrity of the Americas" as that now posed by the Communists.

He said the Communist party has made Cuba its headquarters for "exporting" revolution in a tremendous effort toward "Communization of each and every (Latin American) country."

Kirkpatrick spoke at a luncheon meeting of the Commonwealth Club of California attended by members of the Naval Reserve Association in convention here.

The Communist offensive in Latin America has been spearheaded by Soviet diplomatic missions, Kirkpatrick said, and the key targets "as elsewhere in the world, are the young people of the area."

1000 PALMS KIDS EYE FIRE STATION

THOUSAND PALMS — "A huge success" was the enthusiastic expression used by all in describing the first event held for the children of this area sponsored by the Thousand Palms Volunteer Fire Department at the Thousand Palms Fire Control Station.

By nose count, 47 children of the area enjoyed the two movies shown "Junior Roundup" and "Days of a Tree," both of which are fire prevention films of the State Division of Forestry. The youngsters ranged in age from three years (Willie Aderhold, son of M-Sgt. and Mrs. Richard Aderhold — Sgt. Aderhold being stationed at present in Korea while his family resides in this community) to 14 years. Gifts, in the form of fire hats and balloons, and refreshments consisting of ice cream cones and soda pop were also the order of the morning.

Volunteer firemen and their wives who were on hand and in

charge of this Saturday morning event were Richard Jackson, Cazzie Henson and son, Jerry; Messrs and Mesdames Ray Hayes, Leo Miller and Everett Olsen.

The local Volunteer Fire Department has plans for more entertainment events for the children of the area, and hopes to provide something for them each month.

Excellent Example of Democracy

The wheels of Democracy move agonizingly slowly sometimes, but they move, and usually in the right direction. Thus it is that Palm Springs telephone subscribers finally got action yesterday on a rate revision request.

Here was a situation in which the Public Utilities Commission had set a rate schedule, particularly in the case of reconnect charges, which was protested both by the California Water and Telephone Company and the local subscribers. The schedule suggested by the utility was rejected by the commission which then set its own rate schedule. The fat was in the fire.

But the commission is an instrument of democracy and when further hearings were called for by local subscribers and the Cali-

fornia Water and Telephone Company, they were held locally. At those hearings the atmosphere was mostly friendly and the testimony was mostly factual.

The chief beneficiaries of the new rate schedule were the local hotel owners who, quite apparently, really had something about which to complain. Their new rates, as announced Thursday showed reductions as much as \$950—back to something approaching the former schedules.

The thought of such prompt hearing and fair redress happening in Soviet Russia, with the complaint against a governmental bureau, would be an incredible one.

Republicans and Democrats alike must join in agreeing that this town, and this country, is a pretty fair place in which to live—even after election.

Warning--There's Danger Ahead

WASHINGTON, D. C. — It's too early to start shooting at the President-elect's Ship of State, but a couple of shots across the bows by way of warning are permissible. Senator Kennedy is going to get into early trouble if he:

1. Pays any attention to Khrushchev's proposal of renewed "relations between our countries (that) will again follow the line along which they were developing in Franklin Roosevelt's time."

THE WHOLE effort of American diplomacy, 1945-50, has been to reverse the roads to Yalta, Teheran, Potsdam and Moscow. Mr. Kennedy, a patriot of the highest order, will also be among the brainiest Presidents of history. If his patriotism dominates his intellect, as I think is probable, we need not worry about further giveaways and concessions to the Reds. But intellectualism has not always been a useful quality in Presidents.

Roosevelt and Wilson are examples of why it often pays in human and political terms to listen to the blood's tingle and the heart's throb rather than to the grinding of the brain cells. There probably is an impulse in Mr. Kennedy to tell Khrushchev in Trumanian terms where to go. It would be all right with many Americans if the incoming President uses some very short words with Khrushchev on "the line" in Franklin Roosevelt's time."

2. PAYS TOO MUCH attention

to the academic braintrust of iconoclasm represented in Prof. John Kenneth Galbraith. Again, it is a matter of head vs. heart. Iconoclasts make fine literary heroes, and I grew up in pious worship of Henry L. Mencken. But, like our ancestors, the idol-smashers are people whom it is better to worship than to join.

Despite American separation of religion and politics, the President is something of a spiritual leader. Professor Galbraith is a clever and amiable heretic. He is the man who writes (a) that Henry Ford, innovator of the high wage which turned workers into consumers, was a fake and a business failure; (b) that the personal genius of Edison and the Wright Brothers is today replaceable by "organized effort in a laboratory of experimental shop;" (c) that the proper reason for tax-supported foreign aid is not American self-interest but because it is "generous and right and perhaps a little out of a sense of guilt that we should be so well off while others are not;" (d) finally, that it is time for "limited" intervention by the Federal Government into the "concentrated industries."

ALL THESE IDEAS of Professor Galbraith are healthful, skeptical and provocative. They belong in books, which is where I read them. But a President of the United States just should not embrace the general heresies evoked here — that the creators of American capitalism are bogus, genius can be synthetically reproduced, we should feel

"guilt" for our prosperity, creeping nationalization of industry is due.

3. Gives encouragement to the idea that "Happy Days Are Here Again" for the eggheads. It would be a major mistake for Mr. Kennedy to go to Adlai Stevenson, high priest of the egghead cult, for Secretary of State. There would be a Senate floor battle, and at least half the nation would dislike the idea.

PHILIP JESSUP, whom the Senate Foreign Relations Committee in 1951 declined, on grounds of his Red-tainted connections, to confirm as a delegate to the United Nations, is now apparently to be appointed to a panel for that purpose as judge on the UN International Court.

The appointment does not come from the White House or before the Senate, of which Mr. Kennedy is still a member. But despite all this — indeed, because of his — the Jessup case is an early and searching test for Mr. Kennedy.

He has been promising to restore Presidential powers to the tradition of Jackson, Lincoln and Roosevelt. Well, here is a chance for the President-elect to demonstrate those powers. A word, a frown from Mr. Kennedy can deny an American post in international affairs to a man already marked as unworthy. If Mr. Kennedy doesn't act to stop this marked man, the new Administration will be stuck with an old grievance.

There Ain't No Such Animal

This Side of The Sun By Phat

There are days and weeks and months. Another is on its way. Congress has been asked to set American Indian Day.

That new special day, when and if it is established, originated in Palm Springs.

IN A RESOLUTION adopted by the Governors' Interstate Indian Council meeting here last week, it was resolved that the Congress be asked to authorize American Indian Day.

The resolution pointed out that the Indian is the original American and has made many outstanding contributions to our American way of life and has given us many products which have become multi-billion dollar industries.

IT ADDED that many states have recognized this and have established Indian Day in recognition of the role the Indian has played.

Therefore, it asks the Congress to make it a National day. THINKING ABOUT special days, weeks and months of which we have so many it's hard to keep track of even a part of them, there's a new book out called "Chase's Calendar of Annual Events."

It lists all of the special days, weeks and months set aside for 1961.

Listed are 852 special events, enough to fill 16 years, five months, one week and five days. If they were put end to end instead of one atop the other as they are now.

And all that is to be squeezed into 1961, 365 days.

AT INTERSECTIONS on Palm Canyon Drive, there are special lights which play on the crosswalks so that any driver, if he has his mind on his business, cannot fail to see that the walk is occupied by a pedestrian. It is a fine idea for safety.

But everything has at least two sides.

A pedestrian who had just had a brush with a fender, said to me today: "I believe they put those lights up there so that drivers could take better aim."

THERE WAS an argument the other morning when a man asked, innocently enough, "When is Thanksgiving?"

"It's always the last Thursday in November, stupid," a woman answered.

Oh, no, ma'am, it isn't. It's always the FOURTH Thursday in November.

Next year, for instance, it won't be on the last Thursday of the month.

THE DATE was fixed definitely after the hassle when the late FDR changed the day to the third Thursday to give merchants an extra week for Christmas shopping.

This so confused the turkeys that the resultant uproar prompted the president to proclaim Thanksgiving as the fourth Thursday of November each year.

STAN DELAPLANE

Way to a Man's Heart

Comes now the season of marriage and divorce: "She popped the question to me, man," said Sammy Davis Jr. as he arm- and arched it out of the wedding with May Britt.

"I don't wish to discuss my personal affairs," quoth Marilyn Monroe as she stiff-armed Arthur Miller.

THESE ARE interesting statements. And when I wore my hat turned up in front with a press card in the hand, I pried into a good many such human relationships.

In the matter of marriage, it does not matter who pops the question, man. It is a matter of geography.

In marriage, it is wise to avoid it in Florida, California, Arizona or New Mexico.

IN THESE STATES, divorce is high. About one in every two orange blossom starters never get around the track.

The best States (7 to 1 or better) are Maine, North and South Dakota, the District of Columbia and Vermont.

Wisconsin is good, but Wyoming is bad. Watch your location and live happily ever after.

IF YOU CANNOT live happily ever after, the courts are getting more agreeable all the time about the ground rules.

In Los Angeles, Mrs. Garfield Earthman testified that Garfield kept the windows open at night. She liked the windows closed. Granted.

IN LONDON, Hildegard McCarthy told her husband Mike not to eat fruit pie with his fingers.

Mike thereupon picked up the whole fruit pie and shoved it in her mouth. Hildegard was speechless. Granted.

NATURALLY, THERE are certain social steps in these matters. And when I was shoveling coals upon the fire for the dailies, the most admirable cast-

es were handled by a barrister named "Jake the Master" Ehrlich.

It was Mr. Ehrlich's custom to dress for the part at the parting of the ways.

DOVE GRAY WAS his favorite — it stood out well in the photographs as the lady in black fainted in his arms.

"How did your spouse cause your anguish and - or mental suffering?"

"He beat me like a Chinese gong," said the lady.

"He struck you?" said the Master. And the points of his handkerchief quivered in his breast pocket.

"HE LEFT THE cap off the toothpaste," said the lady. "He took the bookmark out of 'Peyton Place' and I never did find my place again. I have lived a nightmare."

The action was then granted by the Judge who threw in the family Cadillac as a going away present.

We all adjourned to the corridor where, when the photographers got focused, the lady swooned. Mr. Ehrlich caught her with the professional parrot of Lenny Moore scooping in a pass from Units.

MARRIAGE LACKS the dramatics of the divorce court. But the Davis - Britt nuptials, I thought, were suitably arranged. Frank Sinatra was best man — a touch of something that touched me anyway.

Miss Britt rose from a sickbed for the ceremony. There's no business like show business.

Dear Abby...

... by Abigail VanBuren

DEAR READERS: On October 5th I ran the following letter:

Dear Abby: I am a 35-year-old spinster, and I want to buy me a husband... I am not bad looking. I can give him a car of his own... a good allowance to do as he pleases and no questions asked. I want a man between 20 and 40 who doesn't drink. I own 4 houses and a drive-in and have money in the bank... There is nothing wrong with me. He doesn't have to work... and he can sleep as late as he pleases. I am sick of playing hard to get. I believe in putting all my cards on the table and I want a man who will do the same.

JUST PLAIN LONESOME Here are some of the replies:

DEAR ABBY: I am 20, a pre-med student, and crave the company of a mature woman. Love is only a state of mind. I know I could truly love a woman with her qualifications.

PRE-MED STUDENT (Madison, Wisc.)

DEAR ABBY: My client is interested in the party who signed herself "Just Plain Lonesome." He is a mature, responsible, 33-year-old citizen who will furnish character references. Please contact this office.

NAME WITHHELD—Attorney at Law, San Mateo, Cal.

DEAR ABBY: Tell "JUST PLAIN LONESOME" she can have my husband. He's in his late 30's, likes to sleep, doesn't care for work, would appreciate a car and an allowance, would like to come and go as he pleases with no questions asked, and pre-

fers women who are "not hard to get."

"JUST PLAIN FED UP" DEAR ABBY: We are not for sale, but we are for rent. There are seven of us who will offer "Lonesome" companionship at the rate of one per day.

TED, BOB, G., RON, STEVE, DAN, BOB S., AND ED (South Norwalk, Conn.)

DEAR ABBY: Tell "Just Plain Lonesome" that I am her guy. I am also willing to lay all my cards on the table, so—

LET'S DEAL (New Orleans)

DEAR ABBY: I am interested in contacting "Lonesome," but not for the reasons you think. I sell bar and restaurant supplies and would like to sell her some equipment.

DICK WEST:

Fun Loving Type

WASHINGTON IN — There is this press agent here who thought it would be fun to borrow a couple of figures from the wax museum, put them in the back seat of a top-down convertible and take them on a sight-seeing tour of the capital.

Well, I'm the fun-loving type myself, so I hopped into my own car and joined the tour at the first stop, which was the Lincoln Memorial.

"I'M NOT TRYING to be subtle about this," the press agent told me when I asked him what the pitch was. "I'm trying to advertise this convertible. The gimmick is the connection between the car and one of the figures I got from the museum."

"Don't tell me what the connection is," I begged. "Let me guess."

AT FIRST, THE thing had me baffled. I immediately recognized one of the wax figures as a likeness of Thomas A. Edison, but I couldn't connect him with automobiles. There is no car named "Edison" and even the Edsel has disappeared.

The other wax figure looked familiar, but I couldn't place him until I read the nameplate on the car. Then it all became clear. Obviously the second passenger was the famous pioneer auto manufacturer, Henry Thunderbird.

I MUST SAY that the two figures looked as life-like as some

of the live sightseers I have seen. And they certainly were better dressed than most tourists.

Edison was clad in a purplish pin stripe suit. He was bare-headed but someone had anchored his hair with a hobby pin to keep it from flapping in the breeze. Thunderbird was even more dapper in a tuxedo and brown sports cap.

I WAS INTERESTED in seeing how the other sightseers would react when they spotted the two wax figures in their midst. Most of them did not seem very surprised. Possibly they figured that such things were to be expected in Washington. Or they may have thought the figures were congressmen. I doubt that the stunt would have attracted any attention at all had the figures not been in a convertible. People naturally looked around to see who was crazy enough to be riding around with the top down on such a cold, windy day.

FURTHERMORE, THE press agent had the foresight to persuade a live model, "Miss Washington of 1906," to accompany the wax-works tourists. She attracted a lot of attention, too.

We made the rounds of the Lincoln, Washington and Jefferson memorials and the Capitol, but I only heard one really trenchant comment from the bystanders.

"Those guys," one lady remarked to her companion, "look like they lost the election."

Remember When...

NOVEMBER 21, 1950

Jack Benny, who became a Villager last year when he bought a home here and who plans to spend as much time as possible in Palm Springs, will stage his first broadcast of the season from World Wars Memorial Hall on Dec. 10, Irving Fein of his publicity department said today.

Coach Clare Ballagh and his Palm Springs Indians won the Riverside County League championship with an impressive 35 to 20 win over Elsinore on the loser's home field.

At Sunair Drive-in Theater — Burt Lancaster and Dorothy McQuire in "Mister 880" and Paul Kelly and Rhonda Fleming in "Adventure Island."

NOVEMBER 21, 1940

Tribute to his zeal in public affairs and knowledge of local conditions, Francis F. Crocker has been appointed to membership on the advisory board of the Palm Springs Branch, Bank of America. Crocker is local manager of the Nevada-California Electric Corporation. Other members are Philip L. Boyd, chairman; Warren B. Pinney and Carl G. Lykken.

NOVEMBER 21, 1930

New directors elected at the annual Palm Springs Chamber of Commerce meeting today were Earl Coffman, Dr. A. D. Wilson, Robert L. Edwards, Virgil H. Newell, Norman Farra, F. H. Warner and Pierre J. Lynch. Holdovers from the old board are Philip L. Boyd, John R. E. Chaffey, E. T. Fulford, Hobart Garlick, A. F. Hicks, Warren G. Pinney and F. V. Shannon.

Corinne Griffith's Campaigning

NEW YORK — A much more attractive person than either Sen. Kennedy or Vice President Nixon was campaigning through the land during the last month. She was Corinne Griffith, the silent and early sound film star. She's just about as beautiful to behold as she was when she was playing opposite Conway Tearle... or that other matinee idol, George Preston Marshall.

Corinne campaigned not for the presidency but for the elimination of a law that has distressed or jailed millions. Corinne is ag'in the federal income tax.

MISS GRIFFITH has been on this kick without success, as you possibly know and probably regret, for about 10 years. She has lectured the length and breadth of the land and in the course of it she has won some impressive cohorts to her remarkable platform.

Before her death, Sen. Bob Taft wrote her, "... I think the taxing power has been greatly abused. The whole subject of taxing needs study — with a view to completely revising it."

GEN. MACARTHUR wrote "Dear Corinne: Thank you for sending me a copy of your latest speech. It is excellent. I am glad you continue the attack, and for the first time I see signs of a growing realization on the part of public opinion as to what it all means. Keep up the good work."

The general also provided these additional quotes for Miss Griffith's subsequent speeches:

"No nation may survive in freedom once its people become the servants of a centralized government... a condition to which we are now headed with such dreadful certainty. And the greatest danger to a free people has always been the imposition of excessive taxation."

MISS GRIFFITH's good friend Coleman Andrews, President Eisenhower's first commissioner of Internal Revenue, resigned and wrote in the American Weekly that the tax law was unworkable.

When asked, "Okay, we're with you, kiddo, but who's going to pay for the operation of the government?" Miss Griffith has iron-clad answers:

"ELIMINATE WASTE, graft and corruption... we built a \$128,000 cow barn in Lebanon to demonstrate to average farmers living on \$100 a year — and less — the equipment they should provide themselves in order to get ahead... in Thailand we are building an \$18,000,000 highway though that country has only 9,000 cars, half as many as in Beverly Hills, Calif... the cost of the new unfilled senate office building in Washington comes to \$714,284 per senator, the cost of the third unfilled office building of the House of Representatives works out to \$376,000 per member."

"The Hoover Commission report showed that the government was in 19,771 tax-free businesses with capital assets of \$12 billions. These include manufacturing rope, whisky and ice cream (150

factories), warehousing grain surpluses at \$1 million a day, operating saw mills, steel plants, furniture factories, and stockpiling goods. The Navy has in storage enough hamburger to feed the entire Navy for 60 years... the papers of the Federal Government if placed in piles would equal 1,250 Empire State buildings.

"THE FEDERAL government owns 33 per cent of the State of Washington and of Colorado, 44 per cent of Arizona, 46 per cent of California, half of Oregon, 75 per cent of Utah and 90 per cent of Nevada."

Corinne argues that two previous federal tax laws were repealed (in 1872 and 1895) and sees no reason why the present one (passed in 1913 when our national debt was \$1 billion as opposed to today's \$8 billion a year interest on our debt) shouldn't go the same way.

THE POWER to tax should be returned to the states, she argues, and that would induce each state to keep taxes as low as possible to guard against people and companies moving to another and more reasonable and efficiently run state — and the federal government should go back to its original role of deriving its money from the states rather than from the citizens of same.

As soon as Khrushchev agrees to arms inspection, I'm recommending Corinne as the first woman Secretary of Treasury.

AFTER SUN-SET

Star-Laden Show at WW Hotel

By GEORGE LAINE

Bright, happy — and filled with surprises — were the two opening nights at Whispering Waters in Rancho Mirage.

If the Friday-Saturday sessions can be gauged as any criteria of what to expect from the star-operated hotel on Blue Chip Strip, look for Whispering Waters to steal some of the thunder (and a good chunk of the business) from the rank and file of Palm Springs Clubs.

IN A NUTSHELL — and that's a fit descriptive term — here's what happened.

Aaron Spelling, who wrote the show, emceed it and brought out Betty Garrett, who sang three tunes — including "South America, Take It Away" from her big Broadway hit, "Call Me Mister."

Instead of a relapse in the tempo after that, Spelling brought on Hugh O'Brian, who delivered a colorful vocal resume of his career in Westerns, took out Elvis Presley and was joined by Carolyn Jones for a parody on movie-TV teams. Sung to the melody of "Side by Side," the effort was off key, but no one cared — it was sheer fun.

A SKIT FEATURING Spelling, Dennis Weaver, Nick Adams and others came next, followed by Adams doing his party-type impressions. He wound it up with a Brando take-off that was simply too much.

Next came O'Brian and Lloyd Bridges, in costume for their respective TV series, to sing a parody on TV series to the tune of "You Ought To Be In Pictures." Cleverly contrived, it won solid acclaim.

At this juncture, another Spelling skit — revolving about the Hollywood producer theme—came on and I'd have to pick it for my choice as the most clever single item of the evening. (Since this is a family newspaper, I can't describe it to you. If you're interested, call me.)

FOR THE FINALE, the entire cast of the hour-long show came on as a Salvation Army band, toured the showroom beating drums, tambourines, etc.

The general idea was that wine, women and song is sinful but as the group implored their audience: "If you're a sinner, please do it here."

EAGLES, GIANTS TO BATTLE AGAIN

By **NORMAN MILLER**
United Press International

There is some bad blood between the Philadelphia Eagles and the New York Giants which is bound to spill over in their return battle next Sunday in the National Football League.

The angered feelings grew out of a savage jolt by Philadelphia linebacker Chuck Bednarik, who sent halfback Frank Gifford of the Giants to the hospital with a concussion following the Eagles' 17-10 come-from-behind victory Sunday.

PHILADELPHIA WON the key game and widened its Eastern Division lead to 1½ games when defensive back Jim Carr plucked Giant fullback Mel Triplett's fumble out of the air and raced 38 yards to a touchdown with only 2:37 left to play.

A minute later as the Giants struck back, Gifford caught a pass from George Shaw on the Eagles' 30-yard line and was hit from the blind side by Bednarik. Gifford hit the ground so hard he was knocked unconscious and fumbled the ball. Eagles linebacker Chuck Weber recovered to douse the Giants' last threat.

IN THE WESTERN Division of the NFL, the idle Baltimore Colts took a one-game lead as the runner-up Green Bay Packers were upset by the Los Angeles Rams, 33-31. The Pittsburgh Steelers also sprang a big upset by defeating the Cleveland Browns, 14-10.

The Chicago Bears trounced the Detroit Lions, 28-7; the San Francisco Forty-Niners sent the winless Dallas Cowboys down to their ninth straight defeat, 26-14, and the St. Louis Cardinals.

Gibbons Services Set

ST. PAUL, Minn. — **UPI** — Funeral services will be held Tuesday morning for former heavy-weight boxer Tommy Gibbons who died Saturday at the age of 86. Gibbons' most famous fight was a 15-round decision he lost to then champion Jack Dempsey in a title fight at Shelby, Mont., on July 4, 1923.

whipped the Washington Redskins, 26-14.

IN TWO AMERICAN Football League games, the Houston Oilers beat the Denver Broncos, 20-10, and the Buffalo Bills upset the Los Angeles Chargers, 32-3.

Danny Villanueva's 9-yard field goal with 22 seconds remaining gave the Rams an upset victory over the Packers before 35,763 fans at Milwaukee. This was Villanueva's fourth field goal in the game. His earlier three kicks and two TD passes from Bill Wade to Jim Phillips had enabled the Rams to overcome a 10-point deficit and move ahead, 30-10.

Paul Hornung and rookie Tom Moore then sparked a rally which put Green Bay in front, 31-30, with 5:05 remaining. However, a missed field goal try and a fumble by Hornung gave the Rams an opportunity to strike back for the winning score.

Bob Scheffing Named Detroit Tigers Manager

DETROIT — **UPI** — The Detroit Tigers today hired Bob Scheffing, a former pilot of the Chicago Cubs, as manager and gave him a two-year contract.

Scheffing was named to succeed Joe Gordon, who quit at the end of the past season after only two months on the job.

Scheffing's appointment confirmed a UPI dispatch last week reporting that he was the choice of Tiger President John E. Fetzer for the field manager's post.

His signing brought to an end a seven week search during which the Tigers screened a long list of candidates, including ex-New York Yankee pilot Casey Stengel.

Scheffing, 45, managed the Cubs in the National League for three years, 1957-59. Since then he has been a coach with the Milwaukee Braves.

Little League Seeks Funds

Need for Facilities Is Cited

For the first time in its 10-year history here, the Palm Springs Little League will conduct a fund drive aimed at raising \$12,000 to construct two more Little League ball fields, it was announced today.

A. G. (Woody) Woods, president of the Little League here, said that the need for ball field facilities has "far outstripped the present sites in use."

"We're desperate for more fields," he added.

RETRACING THE history of the Little League here, Woods pointed out that only two years ago — in 1958 — the total of Village youngsters engaged in Little League activity was about 70.

"Now we have more than 400 young boys on 24 different teams who want to play Little League ball," he said. "Where are all these little guys going to play?"

Pointing to a scale model of the proposed new ballfields — which will be constructed if the \$12,000 is raised here — Woods answered his own question. "Our kids cannot play in the streets as we did," he said.

WOODS ALSO SAID that the present two-diamond facility in Lineau Village, built on land leased to the Little League for five years, is jammed beyond its capabilities

PROPOSED NEW Little League ball diamonds, drastically needed here, are shown in scale model by A. G. (Woody) Woods, president of the Palm Springs Little League. The organization today launched a \$12,000 fund campaign designed to finance the project and directors of the league noted that a single large contribution would result in the naming of the park for the donor. (Desert Sun Photo)

for reasonable scheduling. The city allocated \$6,000 for lighting at the field, Woods also said.

But beyond that point, he added, the Little League is on its own.

"The city does not sponsor or co-sponsor our program in the slightest degree," he said. "There has been some impression created that the city did so."

"Our team sponsors pay for all operating costs and the adult supervision of the teams is entirely voluntary."

The model of the proposed diamonds is now on view at the Bank of America's Palm Canyon Drive branch.

State Needs More Job Opportunities

BERKELEY, Ill. — The need for new employment opportunities is one of California's most urgent economic problems, according to State Controller Alan Cranston.

He told a California Manufacturers Association tax clinic Friday that the state's economy must be provided by California's manufacturing community, Cran-

ston said. He said it would take "intelligent, visionary planning" to cope with a work force that may exceed 8 million people by 1969.

Mamie's Nieces to Make Debut in White House

WASHINGTON — Mrs. Dwight D. Eisenhower will present her two debutante nieces to society next Friday in the first coming out party at the White House in 50 years.

The first lady will give a debutante tea for her namesake, Mamie Doud More, 18, and her sister, Ellen, 19. They are the daughters of Mrs. Eisenhower's sister, Mrs. George Gordon Moore of Washington.

Not since 1910, when Helen H. Taft, daughter of President William Howard Taft, made her debut, has the White House been the scene of a coming out party. There have been other affairs, however, for debutantes already presented to society.

The tea on the day after Thanksgiving, will be the first time that two young ladies have made their debut together at the executive mansion.

IT WAS 18 YEARS AGO that Warren Linville, principal of Nellie Coffman Junior High School, and singer Ginny Simms first met, in San Diego in the Naval Hospital. He was in a cast with his right leg in traction, and just back from the South Pacific, where he was with the First Marines. She was bringing cheer to hospital wards with her songs. This picture was taken at the Riviera Hotel, the night Linville and his wife invited Miss Simms to be their guest at the annual dinner sponsored by the Palm Springs Teachers Association. Linville called it a delayed "thank-you" for that song." (P. S. Newsphoto)

Survival Kit

Three New Mexico University coeds have prepared a survival kit to be used in the event of atomic attack. It includes instant foods, a deck of cards for entertainment and a Bible for spiritual uplift.

An empty waxed milk carton makes an excellent flare in case of car trouble. It will burn as long as 15 minutes.

To increase the life of wallpaper, cover with two coats of lacquer. The added cost is offset by the wallpaper's greater durability.

Shred old nylon hose (except for tops and feet) and make pillows good for folks who suffer from feather allergies.

Place old mittens on each leg of a stepladder when housecleaning. This helps to prevent floor scratches.

Receipts Adapted to New Recipes

Modern cooks can now make old-fashioned "receipts" work despite non-standardized measurements.

This long-needed service is performed by a new publication of the Girl Scouts, the "Centennial Receipt Book" to mark the centennial birthday of the late Juliette Gordon Low, founder of the Girl Scout movement in the United States.

A measurements chart includes the ubiquitous "tea cup" of grandmother's day, equal to 2-3 of a standard measuring cup. One dessert spoon equals 2 level standard teaspoons, and an "egg-sized piece of butter" adds up to 3 standard tablespoons.

Besides measurements, the booklet includes 19 receipts to make and 13 to "read," such as a turtle soup which begins, "Kill turtle by seven o'clock in the morning and let it drip for at least three hours."

If one glass tumbler sticks to another, don't try to force the two apart. Fill the top glass with cold water, then dip the bottom one in hot water. They'll come apart without strain or breakage.

For Those Who Are On a Diet

A can opener remains the handiest short cut to filled soup tureens.

Here's a low-calorie chilled soup made from canned condensed consommé. Pour two 10½ ounce cans of consommé into a bowl. Refrigerate until partly jellied. Fold in one 7-ounce can of minced clams, drained, ½ cup of diced avocado, 2 tablespoons each

of chopped celery and sliced scallions and 1 tablespoon of lemon juice. Chill 2 to 3 hours. Serves 4 to 6.

Four Pacifists To 'Attack' Sub In Dinky Canoe

By Kirk G. Haisian
GROTON, Conn. (U) — Four pacifists plan to ride a canoe into the path of the Polaris missile-firing atomic submarine Ethan Allen Tuesday when she comes down the ways during a launching ceremony.

The quartet are members of the committee for nonviolent action, which has been holding demonstrations since June here and elsewhere in protest against this nation's missile program.

THE FOUR ARE Robert Swann, 43, of nearby Norwich, Joseph Glynn, 28, of Somerville, Mass., William Henry, 28, of Lodi, Wis., and Richard Zink, 20, of Ambler, Pa. They will conduct what they call a "civil disobedience" phase of the project, challenging arrest by authorities.

The same team was in Charleston, S. C. last week when the Pioneer Polaris missile sub George Washington left fully armed with 16 missiles for a two-year roving assignment. Henry dove into the Cooper River in an attempt to swim into the path of the submarine.

BESIDES THE CANOE, which will be in the Thames River, site of the Ethan Allen launching, there will be at least one other boat on picket duty. Other members will carry signs and distribute leaflets at the gates of the electric boat shipyard where the ceremony will take place.

A Navy spokesman said the civil disobedience participants will not be arrested, as in the past, because it would only be giving them more publicity.

Last week, however, the Navy sent the group a letter warning that if members attempted to board a Polaris submarine they would face a one-year jail sentence and/or a \$15,000 fine.

TURKEY PLUS HOLIDAY NETS STOMACH ACHE

CHICAGO (U) — An old American Thanksgiving custom and modern poultry statistics add up to a record national stomach ache the Baking Soda Institute predicted today.

The institute, sponsors of National Indigestion Week starting after Thanksgiving dinner Nov. 24, said a 1 per cent population increase figured against a 9 per cent jump in 12-pound turkeys means stomach aches will be 7 per cent more bothersome this season.

INSPECTION TOUR OF THE DESERT Hand Laundry equipment is taken by new production superintendent Edward Bowlin, left, and George Ripley, vice president and manager of the firm. Pair inspect sheet ironer which can process 5,000 full-sized sheets daily. (Desert Sun Photo)

POMONAN ACCEPTS POST AT LAUNDRY

Edward Bowlin, laundry operator with 35 years experience in the business, has been named superintendent of production for the Desert Hand Laundry here.

Bowlin and his wife, Wilma, moved to Palm Springs this week from Pomona, where Bowlin was superintendent of the Consolidate Laundry.

With eight years as an independent laundry operator including San Bernardino and Corona, Bowlin rated the Desert Hand Laundry here "one of the best equipped in Southern California." He announced that a personnel training program will be inaugurated to increase production and improve service here.

The Desert Hand Laundry has two big sheet ironers, rated at 5,000 sheets per day each, and three completely automatic wash-

er-dryers which can process 1,600 pounds of laundry each 26 minutes, plus a full complement of auxiliary equipment.

Bowlin and his wife have a son, Gene, on the Ontario police force, and a daughter, Mrs. Lois Smith, who works at Norton AFB, San Bernardino.

Forest Highway Eligibility Gets County Scrutiny

At the suggestion of Supervisor George Berkey the Board of Supervisors asked Road Commissioner A. C. Keith last week to consider and recommend roads within Riverside County which might be eligible for forest highway funds allocated by Congress for the fiscal years of 1961-62 and 1962-63.

He suggested consideration of roads in the Thomas Mountain, Santa Rosa Mountain, and Joshua Tree Monument areas.

Keith gave an off-hand opinion that existing forest highways in need of improvement in this county could not meet requirements. He suggested that requests be made instead for new roads such as Palm Springs via Palm Canyon to connect with the Palms to Pines highway, or the road between Anza and the Palms to Pines highway.

Supervisor Fred McCall put in a word for a new highway from Borrego Road through Coyote Canyon to the desert.

The federal allocation for forest roads is \$117,000,000 for 1961-62 and \$122,000,000 for 1962-63. The funds can be used for forest highways, roads and trails, or for public lands highways.

Two Polio Shot Immunization Clinics for DHS

DESERT HOT SPRINGS — A polio immunization shot clinic will be held at two places here Friday, Nov. 25, under the sponsorship of the Riverside County Medical Association, the Angel View Crippled Children's Clinic, and the DESPA Medical Center.

The clinic from 10 a.m. to noon will be held at the Angel View Clinic on Miracle Hill Road. From 3 to 5 p.m., shots will be given at the DESPA clinic. Local doctors will administer the shots. A \$1 donation is requested to help defray expenses of the immunization program, but no charge is set.

The county medical association reported immunization is recommended for all persons from three months through 63 years of age.

ARC Film Readied For Village Group

A movie film entitled "It's Your Story," which tells the story of the American Red Cross, will be a special feature of the next meeting of the Palm Springs Branch of the American Red Cross Board of Directors.

The meeting will be held at the Palm Springs Lanes at 8 a.m., Nov. 30.

The film covers service men, their family and service problems, the blood bank, disaster work, water safety, first aid, nursing and work behind the Iron Curtain to release prisoners, and shows the effectiveness of the Red Cross activities in these areas of endeavor.

All members have been urged to attend the meeting and reservations are necessary. Call your local Red Cross office at FA 4-4818.

GEOGRAPHIC CENTER OF FREEDOM CITY — Palm Desert — is marked on the Palm Desert side of the new map being prepared by the Chamber of Commerce by Chamber Manager Don McNeilly. McNeilly also checked three acetate overlays to be incorporated in new map. Map will feature "desert county" from Cabazon to Colorado River on reverse side, with points of interest through desert. First map will, expected in December, be 15,000, with 11,000 pre-sold. Local map will list in and out of town, recreation areas, and points of interest. KENNEDY IS 'CONTRAST

'Lame Duck' Role Joke for Ike Aides

AUGUSTA, Ga. (AP) — President Eisenhower's aides are joking about their "lame-duck" standing. The career men at the White House staff and Secret Service agents here are speculating on how life will be under president-elect Kennedy's administration.

Air Force Col. William Dramer, moved for the Secret Servicemen, however. The agents are grateful that Kennedy has shown no interest in golf.

When the President's son, John Eisenhower, is on the golf course with his father, the agents say they keep a sharp eye peeled for stray shots.

Air Force Col. William Draper, presidential pilot, needed press secretary James C. Hagerty in one post-election conversation.

"WELL, WHAT DO we do next, Pierre?" Draper asked in a jesting reference to Kennedy's press spokesman, Pierre Salinger.

THIS IS Eisenhower's 27th visit to Augusta and his 34th trip to Georgia since he was elected in 1952. Observers believe that only Pennsylvania—site of his Gettysburg home—and Maryland - home of the Burning Tree (golf) club—have been more favored.

spokesman, Pierre Salinger. Hagerty had a quick comeback. "That's none of your affair, LIEUTENANT Draper," he replied.

THE KENNEDY'S three-year-old

THE KENNEDY'S three-year-old daughter, Caroline, and their expected baby have revived talk among the Secret Service of the "diaper detail" which will be assigned to guard the children.

The gag among the agents is that their theme song soon will be "can't you hear me calling, Caroline?"

Students in Debate On Death Penalty

Members of Mr. Geraldine Howlett's sixth Grade English and social studies class at Nellie N. Coffman Junior High School presented their final debates on "Capital Punishment" before an audience composed of classmates, administrators and parents who heard the group's present and defend their arguments.

Two teams composed of two members each debated the ques-

tion of David Miles and Robert Kelly; and Negative Team II, composed of Linda Falk and Mike Maffie.

Judges for the debate were Dr. Dwight E. Twist, Superintendent of Schools; Mrs. Mary Mitchell, Director of Instruction, Palm Springs Unified School District; and Mr. James Milliron, Vice-Principal of Nellie N. Coffman Junior High School.

REPRESENTING THE affirmative side of the question was Affirmative Team 1, composed of Cindy Elliott and John Bunker; **negative Team 1**, composed of Matt Schell and Richard Starling; **Affirmative Team 2**, composed of

Aunts Violet and Iris run a newspaper ad extolling the virtues of Buddy as a marriage candidate and the response to their quaint method of finding him a wife uncovered a wide variety of husband-hunting females on "Bringing Up Buddy" Monday, Nov. 21 (CBS Television Network, 8:30 - 9 p.m.).

Frank Aletter, co-starring as Buddy, takes his aunts to task for meddling in his affairs - until the ad turns up a girl whom he finds fascinating.

THOUSAND PALMS

Chambers Meet Well Attended

By Elizabeth Nelson

Those from Thousand Palms who attended the regular monthly meeting of the Associated Chambers of Commerce, held at Desert Air Hotel, were Mesdames J. A. (Mina) Welcome, A. Hal Cornelius, H. M. Lentz, Harold I. Sloper and Raymond P. Hayes. Mrs. Welcome, president of the local Chamber, is secretary of the county group.

Mrs. Lentz and Mrs. Sloper are representative and alternate representative, respectively, of the Thousand Palms Chamber of Commerce to the county association. Mrs. Cornelius serves as secretary and Mrs. Hayes as co-publicity chairman of the local Chamber.

Cazelle Henson and sons, Jerry and Larry, report they "put in a long day" on Sunday, when they motored to and from Lompoc for a visit with their son and brother, Gene, stationed there as a seaman apprentice in the Navy at Vandenberg Air Force Base. A most enjoyable day was reported by all, their first real excursion from Coachella Valley in years.

Mr. and Mrs. Richard Jackson, Myra and "Butch," spent the other weekend with Mrs. Jackson's sister and family, Mr. and Mrs. Charles Patton, Elaine and Duane, in Lancaster.

Guests of Mrs. Elva F. Woodside in her home here last weekend were Mr. and Mrs. Hal Lea. Long time friends of Los Angeles, Mr. Lea is with the Department of Water and Power of the City of Los Angeles.

Motoring to Phoenix, Ariz., last Friday for a weekend visit with Mr. and Mrs. Fred Hansen were Mr. and Mrs. J. A. Welcome. Mrs. Hansen is a sister of Mrs. Welcome. The Hansens moved to Phoenix last September, for Mr. Hansen's health, from the family hometown of Gaylord, Mich. Mrs. Hansen is a teacher in the Phoenix Public School system.

On Saturday the Hansens and Welcomes attended the Arizona State Fair held annually in Phoenix. Of special interest there were the Indian exhibits for which this particular fair is famous, with artists at work demonstrating bead work, silver and jewelry making, rug weaving, etc.

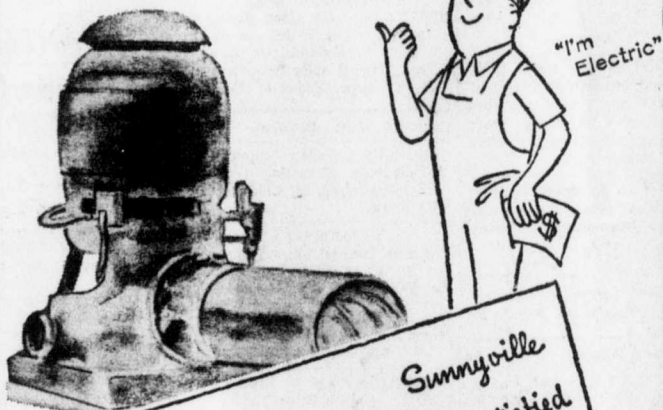

On last Monday the Welcomes' daughter, Mrs. Earl Brackman, came for a day's visit with her parents, and to bring her aunt, Mrs. Mary Simpson, for a few weeks stay with the Welcomes. Both reside in Vista, and Mrs. Simpson is a sister of Mr. Welcome and a frequent visitor in the Welcome home.

Mr. and Mrs. Henry M. Lennie spent last Thursday night with Mrs. Lennie's sister and family, Mr. and Mrs. Harry Odgers and Karen, in Yucca Valley. Then, taking advantage of the holiday, the ladies were joined by Karen and her friend, Karen Reid, for a shopping trip to San Bernardino, returning to Thousand Palms to pick up Mr. Odgers, who had accompanied Mr. Lennie home. The Odgers and Miss Reid, frequent visitors in the Lennie home, returned to Yucca Valley later that night.

Back home again and reportedly recovering well, are John Jacob and Mrs. Stephen Palmer. Mr. Jacob was hospitalized for several weeks at Desert Hospital in Palm Springs following a heart attack. Mrs. Palmer underwent major surgery in a Riverside hospital, and remained in Riverside in the home of a sister recuperating for several weeks.

Also at home again are Mr. and Mrs. Nick Masaracchia, who have spent most of the past several months with a daughter and her family in Riverside, in order that Mr. Masaracchia could be near his doctor for medical treatment. It is reported that he, too, is feeling much better since his return to the desert. The Masaracchias and Palmers reside together in the Masaracchia home here.

NO repair bills

Sunnyville

Dear Hectic:
I'll tell the world I'm satisfied with my electric water pump. I've been looking over my books and it's that time of year you know-and it's that time of year you know-and I see that among all the bills I paid this year there are none for water pump repairs!

This electric water pump saved money from the start. It cost less to install and has cost less all along the way. Now I know it will last longer than any engine pump. You ought to start saving money, too. Start pumping with electricity.

Your friend,
